

Mahak Singh, student of **MCA 2nd Year** at **Galgotias College of Engineering and Technology** has been selected in the **Google Summer of Code 2017 (GSoC 2017)** program which is a new venture by Google and launched across the globe. **Mahak Singh** will develop **Open Source Software for cBioPortal for Cancer Genomics**. Over **20,651** students from **144** countries registered for the program out of which **1,318** students were accepted into the **GSoC 2017** and **Mahak Singh** is one of them. He received **2500 US dollars** as stipend for the same. We congratulate Mahak for his tremendous success and we hope that this will inspire many more Galgotians to scale greater heights and make their college proud.

To Whom It May Concern:

Google Inc. is pleased to let you know that Mahak Singh has been accepted to participate in the Google Summer of Code 2017 program. As part of the program, Mahak will develop open source software for cBioPortal for Cancer Genomics between May 30th, 2017 and August 21st, 2017.

More information on Mahak's project can be found at:
<https://summerofcode.withgoogle.com/projects/5161428492222464>

Mahak will not be directly employed by Google Inc. during participation in Google Summer of Code. The program is administered by Google Inc. and Google Inc. will act as the host organization for the duration of Mahak's participation. Mahak will work from home on the project and will not be required to visit either Google or cBioPortal for Cancer Genomics offices.

Should you require any further information, please do not hesitate to contact our Google Summer of Code program team via email at gsoc-support@google.com.

Best,

Stephanie Taylor
Google Summer of Code Program Manager
